SUMMARY

- Experienced Java Software Engineer with over 3 years of hands-on coding expertise in java, springBoot, microservices architecture and RESTful APIs. Collaborative team player experienced in agile methodologies, dedicated to continuous learning and leveraging new technologies to deliver robust software solutions.

SKILLS

- Java, SpringBoot, JPA, Hibernate, Jenkins, Maven, RESTful APIs, React, Angular, JavaScript, TypeScript
- HTML, CSS, SQL, MYSQL, SQL Server, Microservices, Backend, AWS, Agile, Git, Docker, Python, unit testing

WORK EXPERIENCE

DUAL North America: Software Developer

September 2023 – present

- Contributing to the development of **Restful Microservices** for the monolith **Insurance** agent portal application using **Java**, **Spring Boot** and **MSSQL Server** for persistence and the development of a new insured quoting portal developed using **React.js** with a seamless transition from the old UI.
- Successfully contributed and implemented the Rating service for the rating the insurance policies and authentication service for authenticating and authorizing users and improved **API** performance through code optimization.
- Actively used **Git** for version control, **containerized** the services using **Docker** and **Jenkins** for **CI** ensuring consistent deployment in **EC2** for orchestrating the containers.

Setel Express: Software Engineer

January 2020 – December 2021

- Developed **microservices** for a client called Logistika in a logistic and transportation domain using **Java & Spring Boot**.
- Familiarity with messaging systems such as **Apache Kafka** for reliable and scalable data communication and demonstrated understanding and experience with **React** and **Typescript** for front-end development, contributing to web-based application enhancements and features.
- Implemented and maintained **RESTful APIs** using **Spring Boot** to enable seamless communication and integration between microservices and used **AWS** services like **EC2**, **S3**, and **Lambda** for scalable and reliable application deployment.

EDUCATION

Texas Tech University | Lubbock, Texas

January 2022 – May 2023

M.S. Computer Science

VVIT | Namburu, India

July 2016– March 2020

B.S. Information Technology

CERTIFICATIONS

- Oracle Certified Professional: Java SE 11 Developer
- Frontend Developer Nanodegree, Udacity
- Master Microservices with spring Boot and Spring Cloud, Udemy
